

Policy

“At Appfabs, our commitment to excellence extends to both the quality of our software solutions and the security of our information assets. We are dedicated to delivering high-quality software that meets customer expectations while adhering to applicable regulations and continuously improving our processes. Simultaneously, we prioritize the confidentiality, integrity, and availability of our information through robust security measures aligned with ISO 27001 standards. This entails identifying and mitigating information security risks, ensuring controlled access to sensitive data, and fostering a culture of security awareness among our employees. Compliance with ISO 9001 and ISO 27001 is integral to our operations, and we strive to uphold these standards through regular reviews, training, and continual improvement efforts. At Appfabs, every employee plays a crucial role in upholding our commitment to quality and information security.”
